

**Hi!**  
**My name is Daniela**  
and I'm an animator.

**I'm such a positive person!**  
Happiness!  
Love!  
Joy!  
Unicorns dancing on a rainbow!

# Who am I?

I'm a third-year university student.

I'm an animator.

I'm tired of **reality**. I try to live in it as little as possible.

I have a lot of creative ideas in my head that need to **come** out. That's why I'm studying animation—to bring them to life. If I didn't do this, I'd probably be **torn apart** from the inside.
